

ISSE 2009

INFORMATION SECURITY SOLUTIONS EUROPE CONFERENCE

6 – 8 OCTOBER 2009, THE HAGUE, THE NETHERLANDS

CALL FOR CONTRIBUTIONS

HOSTED BY:

- Municipality of The Hague

ORGANISED BY:

- ENISA - The European Network and Information Security Agency
- eema - The Independent European Association for e-Business
- TeleTrust - The Association for the Promotion of Trustworthiness of IT-Systems

ISSE is the only independent, interdisciplinary, unbiased and European focused conference for the presentation and discussion of technical, commercial, organisational, legal and political concepts for information security as well as privacy and data protection.

The focus of ISSE is on security as a part of business processes and electronic transactions.

One of the biggest challenges today is to manage security in applications: issues like return on investment, total cost of ownership, risk management as well as interoperability are of great importance. In 2009 ISSE will focus on submissions on implemented security solutions and case studies from specific application areas and industry sectors:

- eBusiness
- financial sector and enterprise security
- health care
- eGovernment and public sector
- private sector

THIS CALL FOR CONTRIBUTIONS IS INTENDED TO...

...call for papers and other contributions such as round tables, panels and plenaries. Papers can be accepted for the ISSE Book regardless whether they will be presented at ISSE 2009.

TARGET GROUPS:

Technical Experts (Developers, Architects)
Researchers and Academics
Heads of IT Department
General Business Managers
Implementers
Systems Administrators
Security/IT Managers
Product Managers

Representatives from government and Policy Makers
Product Managers and Marketing Experts
Legal/Compliance/Regulatory Professionals
Consultants and Business Analysts
Business or Risk Managers
CEOs/CIOs/CSOs/CTOs
IT Business Development and Sales Experts

TOPICS

The submissions should be original research results, survey articles or case studies and position papers.
Product placement is unacceptable!

INSTRUCTIONS FOR SUBMISSIONS

Presentations and other contributions at ISSE conferences are invited as well as selected from abstracts submitted in advance. The process is completely neutral: speakers are solely selected on the merit of their submissions and their position in the organisation.

- Please submit an extended abstract using the ISSE 2009 template ([Download](#))
- If you want to submit a round table, a panel or a plenary please also use the ISSE 2009 template
- Please submit a short speaker bio, full contact details of speaker and a list of speaking references in addition to your abstract
- Please indicate the topic area of the presentation, the level of your presentation (basic, intermediate, technical), classification (such as case study, research report, survey article, position paper) as well as the target group you want to address (legal audience, technical audience, business audience)
- Subject line of email MUST contain speaker's name, only electronic submissions will be reviewed
- Please submit to: Sophie Hellmann, Programme Manager,
TeleTrusT Deutschland e.V.
sophie.hellmann@teletrust.de (receipt of submission will be confirmed by e-mail)
Tel: +49 173 3543069

DEADLINE FOR SUBMISSIONS

MARCH 30TH 2009

In case that you are invited as a speaker please note: ISSE does not offer honorariums or reimburse travel expenses. Every speaker will be charged a nominal fee of 300 € to cover a part of the costs related to your conference participation.

ISSE BOOK

ISSE offers a publication of the accepted papers as printed proceedings in "Securing Electronic Business Processes - Highlights of the Information Security Solutions Europe 2009 Conference". **Product placement is unacceptable!**
