# OASIS Interoperability Demonstration(s)

OASIS plans to organize another ‘Security Standards Showcase’ on the RSA 2014 exhibit floor, held in conjunction with the annual RSA conference (specifics on previous page). This OASIS Interoperability Demonstration(s) (InterOps) are public interoperability demonstrations that showcase multi-vendor implementations of approved OASIS work. OASIS InterOps are official Consortium activities, endorsed by one or more OASIS Technical Committees (TCs), and mutually supported by OASIS staff and InterOp Participants. Participation is open to only OASIS members that meet the below criteria.

---

## ⇒ PARTICIPATION CRITERIA , the Participating Company must...

- Be an OASIS member;
- Have products that support the interoperability scenario developed by the InterOp participants;
- Agree to cover the participation fee as outlined in the previous page;
- Abide by ALL the rules set forth from OASIS and the InterOp group, including promising to have at least one and no more than two representatives in the showcase area at all times.

## ⇒ DEMO FORMAT

Participants will operate out of the main OASIS InterOp booth space. This InterOp booth, stationed on the RSA show floor, will focus solely on the standard(s) and InterOp(s). Booth visitors will be introduced to the demonstration concept and encouraged to walk around to view each company's implementation. An InterOp flyer, featuring information about the demonstration and each participating company, will be distributed throughout the event. OASIS will work with RSA to promote the InterOp to attendees, as well as seek other ways to elevate our visibility (i.e. reception sponsorship or a give-away raffle).

## ⇒ PARTICIPANT BENEFITS

Each confirmed participant will receive the benefits outlined below.

- Workstation within the InterOp booth (table or counter, chair, & electricity)
- Company highlight in OASIS press release (quote from foundational and sponsor-level OASIS members)
- Highspeed internet connectivity (connectivity for two devices included – additional device connectivity may be added for an additional fee)
- Two booth staff registrations
- Company recognition in all InterOp promotions, including: email announcements, printed materials, and the website
- Logo placement on InterOp booth signage
- A piece of company collateral material may be distributed in Interop booth literature rack
- Logo and 75 word company description in the “InterOp Flyer”
- Raffle tickets or other special event concessions, allocated for distribution during the show
- Complete list of booth visitors (provided after the show)

Any questions regarding participation may be directed to: [Jane Harnad](#)
