

OASIS Interop – RSA 2016

RSA2016 Interop Context

- Please review the published OASIS [Interoperability Demonstration Policy](#), the “Policy”
- Please note PKCS11 and KMIP TCs have elected run “Interop Demonstrations” per the Policy.
- Requirement for a Formal Interop Test prior to the RSA Conference – To be scheduled.

RSA2016 Interop Conduct

- On the booth:
 - 1st priority is to represent OASIS as a vibrant, critical industry body that values participation
 - 2nd priority is to represent your TC, the work being done and the importance of participation for ensuring satisfaction of industry requirements
 - 3rd priority is to represent your organisation without negativity
- Onsite, all representatives are expected to behave in a professional, collegial manner. Professional business attire is required.
