Test assertions relate to the conformance statements in the specification - see:

sca-assembly-1.1-spec-cd01-rev4.doc - Appendix D

eg

Section 4 has 9 conformance statements - ASM40001 to ASM40009

Section 5 has 32 assertions

Eric will take a look at section 4

Mike E will look at section 5

Eric: How can we decide which areas to concentrate on in the testcases?

- Can we use significant issues as a way of pinpointing the areas that matter?
