## 8. AOB

### 9. Any additions to the roll?

#### ***(Item 3) Agenda Bashing***

(Ashok) Add a short item about CD status.

#### ***(Item 4) Minutes from previous meeting of Policy TC***

Minutes of TC meeting of 31<sup>st</sup> March.

**Resolution: Minutes of meetings for March 31st are accepted without change.**

### ***(Item 5) CD Status***

Ashok: Ashok has taken the CD and added into it a number of Issue resolutions. This needs further editorial review before being brought to the TC as a whole.

### ***(Item 6) Action Items***

20080317-01 and 20080324-01: Not complete yet - will talk in detail when considering Issue 15 later.

### ***(Item 7) Policy Set examples – which intents do they provide?***

See <http://lists.oasis-open.org/archives/sca-policy/200804/msg00000.html>

Michael R: This should be rolled into a discussion of "capabilities" rather than strict requirements

**Action 20080407-01: (Ashok) Put Capabilities issue (Issue 33) on the agenda for next week.**

**Action 20080407-02: (Ashok) Write up a new issue for whether we need to subset WS-Policy for use with intents.**

### ***(Item 8) New Issues***

None

### ***(Item 9) Existing Issues***

#### **ISSUE 15: External Attachment of Policy**

(Ashok) Current status:

There is some proposed wording for some of the proposal on the email list. However, this does not seem complete yet regarding URI construction, so an updated proposal needs to be created (Ashok)

Michael R: Brings attention to the debate about the meaning and use of the URI attributes that is taking place in the Assembly TC. The outcome of that debate might impact the resolution of Issue 15.

#### **ISSUE 38: External Attachment of Policy**

<http://lists.oasis-open.org/archives/sca-policy/200803/msg00024.html>

Michael R: The content of the 1<sup>st</sup> bullet under "implementation hierarchy" is not clear.

**Action 20080407-03: (Mike E) Produce a revised proposal for Issue 38 making the 1<sup>st</sup> bullet of "implementation hierarchy" clearer.**
