

Agenda for UIMA TC Telecon
January 10, 2007 11AM-12:30 PM Eastern

Administrative

- Attendance
- Official registration (some still not on roster)
- Review of Last meetings minutes. http://www.oasis-open.org/apps/org/workgroup/uima/download.php/21471/UIMATCMeetingMinutes_20061206.txt
- Putting minutes in Minutes Section on site (rather than just attached document)
- Providing Apache Community a link to our minutes
- Others?

Technical

Design Goals Discussion (Section 3 in white paper)

General Comments on Use-Cases (Section 4 in white paper)

- Priority of Use Cases
- Appropriate Level of Detail
- More, Fewer?
- Suggestions for others?

Specification Element Walkthrough (Section 5 in white paper)

For each Item Discuss

- What is it (at a high-level)
- Why important for Interoperability
- Related Standards
- Specification approach (how to represent the element – UML for example)
- Relative Priority – what would community benefit from first.

Next Steps

Action Items/ Assignments
