HHS HAvBED Reporting Elements for EDXL-HAvE Submission

Current Beds Available- Question Type: Textbox, positive integers only

- **Adult Intensive Care Unit (ICU):**
  Total Available (*integer*)
  Total Staffed (*integer*)

- **Adult Medical and Surgical (Med/Surge):**
  Total Available (*integer*)
  Total Staffed (*integer*)

- **Burn:**
  Total Available (*integer*)
  Total Staffed (*integer*)

- **Pediatric Intensive Care Unit (ICU):**
  Total Available (*integer*)
  Total Staffed (*integer*)

- **Pediatric Medical Surgical:**
  Total Available (*integer*)
  Total Staffed (*integer*)

- **Psychiatric:**
  Total Available (*integer*)
  Total Staffed (*integer*)

- **Airborne Infection Isolation:**
  Total Available (*integer*)
  Total Staffed (*integer*)

- **Operating Rooms:**
  Total Available (*integer*)
  Total Staffed (*integer*)

Note: Items in green are already in EDXL-HAvE Communication Schema V1.0

Ventilator Questions- Question Type: Textbox, positive integers only

Total number of <u>full feature ventilators</u> available to the facility that can support patients > 5kg:
  (integer)

Number of patients related to the events who are currently being managed on <u>rescue therapies</u> (e.g. ECMO, high frequency oscillation, etc.)

- o Number of <u>adults</u> and children > 12 years of age: *(integer)*
- o Number of <u>children</u> birth to 12 years of age: *(integer)*

<u>Facility Stress Questions</u>- Question Types*:* Drop down Selection
Question: Since the last reporting period, has the facility seen an <u>increasing demand for patient care services</u>, such as scheduling, triage, assessment, treatment, admission, transfer and discharge as compared to the demand typically seen during this time of year?
List of possible selections:
- No Data Provided
- Yes
- No

Has an event triggered activation of the facility's <u>disaster protocol/emergency operations</u> plan to manage the response?
List of possible selections:
- No Data Provided
- Yes
- No

Is the facility using any of the following <u>surge strategies</u>?
List of possible selections:
- No Data Provided
- Yes
- No

- o <u>Expanding bed capacity</u> within existing spaces:
  List of possible selections:
  - No Data Provided
  - Yes
  - No

- o Surge <u>in place strategies</u> (e.g. early discharge, cancel elective surgeries, etc.):
  List of possible selections:
  - No Data Provided
  - Yes
  - No

- o <u>Augmented personnel</u> (e.g. extra shifts, volunteers, change in nurse to patient ratios, etc):
  List of possible selections:
    - No Data Provided
    - Yes
    - No

Expand capacity beyond existing spaces by:

- o Established <u>alternative care sites</u> (to support emergency department and/or inpatient activities):
  List of possible selections:
    - No Data Provided
    - Yes
    - No

- o Activated <u>Mobile Units</u> (alternative care sites, mobile medical units, or hospital staffed federal medical stations):
  List of possible selections:
    - No Data Provided
    - Yes
    - No

- o Requested <u>Mutual Aid</u>:
  List of possible selections:
    - No Data Provided
    - Yes
    - No

- o <u>Implemented Other Strategies</u>:
  List of possible selections:
    - No Data Provided
    - Yes
    - No

Does your facility anticipate <u>staffing shortages</u> that will affect your ability to provide services?
List of possible selections:
- No Data Provided
- Yes
- No

HHS HAvBED Reporting Elements for EDXL-HAvE Submission

Does your facility anticipate difficulty in obtaining or replenishing enough <u>general medical supplies</u> to meet demand?
List of possible selections:
- No Data Provided
- Yes
- No

Does your facility anticipate difficulty in obtaining or replenishing enough <u>pharmaceuticals</u> to meet demand?
List of possible selections:
- No Data Provided
- Yes
- No

Does your facility anticipate difficulty in obtaining or replenishing enough <u>personal protective equipment</u> (as defined by CDC, state, or local guidance) to meet demand?
List of possible selections:
- No Data Provided
- Yes
- No

Does the facility anticipate difficulty in obtaining adequate <u>ancillary ventilator supplies</u> (Circuits, ET tubes, nebulizers, filters, humidification equipment, and suction catheters, etc.) to meet demand?
List of possible selections:
- No Data Provided
- Yes
- No

Facility Infrastructure Questions- Question Types*:* Drop down Selection; Textbox, positive integers only

Operational Status:
List of possible selections
- No Data Provided
- Fully Operational
- Limited Operation
- Closed

HHS HAvBED Reporting Elements for EDXL-HAvE Submission

Evacuation Status:
List of possible selections:

- No Data Provided
- No Planned Evacuation
- Shelter in Place
- Evacuation (Partial)
- Evacuation (Total)

Evacuation Action (*Only applies if you answered "Total" of Partial"*)
List of possible selections:

- No Data Provided
- Anticipated
- In Process
- Completed

Select status of the following Utilities:

o Potable Water
   List of possible selections:

   - No Data Provided
   - Compromised
   - Not Compromised

o Heating and Cooling Systems:
   List of possible selections:

   - No Data Provided
   - Compromised
   - Not Compromised

o Sewer:
   List of possible selections:

   - No Data Provided
   - Compromised
   - Not Compromised

o Telephone Connectivity:
   List of possible selections:

   - No Data Provided
   - Compromised
   - Not Compromised

- o Computer/Internet Connectivity:
  List of possible selections:
    - No Data Provided
    - Compromised
    - Not Compromised

- o Vacuum Systems:
  List of possible selections:
    - No Data Provided
    - Compromised
    - Not Compromised

Does your facility anticipate difficulty obtaining or replenishing medical gasses to meet demand?
List of possible selections:
- No Data Provided
- Yes
- No

Is your facility currently using emergency power generation?
List of possible selections:
- No Data Provided
- Yes
- No

- o If yes, how many days of fuel supply are on site?
  (Integer)

Mass Decontamination Status:
List of possible selections:
- No Data Provided
- Available
- Unavailable\None

- o Number of lanes (only applies if mass decontamination status is available)
  (Integer)
