**Resolution: Minutes of Policy TC meeting of July 25 2011  
are accepted**

### ***(Item 5) TC Administrivia***

0 open issues

### ***(Item 6) Action Items***

None

### ***(Item 7) Specification Status***

a. Ready for publication BUT TC admin found an issue with the way the Assembly schema is included. Updated package is here:

<http://www.oasis-open.org/committees/download.php/44344/sca-policy-1.1-spec-candidate-wd06.zip>

<http://www.oasis-open.org/committees/download.php/44343/sca-policy-1.1-spec-wd043.doc>

<http://www.oasis-open.org/committees/download.php/44342/sca-policy-1.1-cd05.xsd>

Dave Booz: java spec has this: `<include schemaLocation="sca-core-1.1-cd06.xsd"/>`

anish: Here is what I see in the schema spec part 1:

anish: "It is not an error for the actual value of the schemaLocation [attribute] to fail to resolve it all, in which case no corresponding inclusion is performed."

anish: So, in a disconnected mode, it won't be able to resolve and no inclusions would be made even if it has a cached copy ??

anish: with a relative URL, you have more leeway in deciding how the relative URL is converted to an absolute URL

MikeEdwards: I'm not comfortable with the solutions being proposed.

Mike Edwards: Namespace: <http://docs.oasis-open.org/ns/opencsa/sca/200912>

Ashok Malhotra (Oracle): ... this has links to all the files

Mike Edwards: Policy is here: <http://docs.oasis-open.org/opencsa/sca-assembly/sca-policy-1.1-cd04.xsd>

Ashok Malhotra (Oracle): ... including the Policy XSD

Mike Edwards: The xsd file we submitted did not match the file above

Mike Edwards: Also this file:

Mike Edwards: <http://docs.oasis-open.org/opencsa/sca-assembly/sca-policy-1.1-intents-definitions-cd04.xml>

Mike Edwards: Put the 2 files above in the bundle

Ashok Malhotra (Oracle): Steps we need to take:

Ashok Malhotra (Oracle): 1. Change the xsd in the SCA Policy spec to be exactly the same as <http://docs.oasis-open.org/opencsa/sca-assembly/sca-policy-1.1-cd04.xsd>

Ashok Malhotra (Oracle): 2. Include in the package the SCA Policy nspec modified as above and the two xml files:

Ashok Malhotra (Oracle): schema and intent definitions

Mike Edwards: No need to change spec

Mike Edwards: We need to include CD06

Ashok Malhotra (Oracle): Ashok: I will create a new package. Send it to Mike to look it over
