Errata for Web Services Distributed Management: Management of Web Services (WSDM-MOWS) 1.0

Committee Draft, March 9th 2005

Document identifier:
wsdm-mows-1.0-errata

Location:
http://docs.oasis-open.org/wsdm/2004/12/wsdm-mows-1.0-errata.pdf

Editor:
*Igor Sedukhin, Computer Associates <*igor.sedukhin@ca.com*>*

Abstract:
This document lists errata against the WSDM MOWS version 1.0 [MOWS] specification.

Status:
This document is a committee draft.

Committee members should send comments on the specification and the errata to the wsdm@lists.oasis-open.org list. Others should subscribe to and send comments to the wsdm-comment@lists.oasis-open.org list. To subscribe, send an email message to wsdm-comment-request@lists.oasis-open.org, with the word "subscribe" as the body of the message.

Table of Contents

1 Errata

1.1 Addition to status

The "Status" section of the specification should have the following paragraph appended at the end:

[This specification makes direct and indirect normative references to evolving specifications in OASIS and W3C. The WSDM TC intends to move to referencing the standard specifications as they become available.]

1.2 Removal of non-normative reference to WS-Trust

Section 4 of the [MOWS] document, fourth bullet after 2nd paragraph, first sentence should say:

[Authentication is established using the mechanisms described in WS-Security and other related specifications.]

2 References

2.1 Normative
